Price to cash dividend = Average closing price / cash dividend per share
Cash dividend yield = Cash dividend per share / average closing price

Dividend policy

1. Dividend policy under Articles of Incorporation

The dividend policy in general is to distribute earnings from retained earnings in the form of cash after deducting forecasted capital expenditure. Should there be a stock dividend distribution, it should not exceed 80% of the total dividends distributed in a single year. The dividend payout proposed by the board of directors (BOD) has to be approved at the annual shareholders' meeting.

2. Proposed dividend allocation for approval at the annual shareholders' meeting

The BOD has not yet approved the proposal for dividend allocation of the 2013 earnings as of the publication date. The board expects to approve the proposal 40 days prior to the AGM, and any resolution will be announced on the Company's website and MOPS.

3. The Company maintains a dividend policy with a high payout ratio. Historically, dividends distributed to shareholders were no less than 80% of net income for that year and composed of over 80% cash. A historical listing of dividends distributed is listed on TWM's official website.

Impact of stock dividend distribution on business performance and EPS

The BOD has not yet approved the proposal for dividend allocation of the 2013 earnings as of the publication date.

Employee bonus and compensation to directors

1. Earnings distribution plan according to the Company's Articles of Incorporation

According to the Company's Articles of Incorporation, annual net income after deducting losses from previous years, appropriating 10% thereof for legal reserves and setting aside special reserves, shall be distributed in the following order:

- 1) Maximum of 0.3% as compensation to directors;
- 2) 1% to 3% as bonuses to employees;
- 3) Remainder thereafter to be set aside for stock/cash dividends to shareholders as determined in the annual shareholders' meeting.

The board of directors is empowered to decide the allocation of stock bonuses to employees. Recipients are to include qualified employees of the subsidiaries.

2. Accounting treatment for the deviation between estimated and actual distribution amount of employee bonuses and compensation to directors

Should there be a significant adjustment to the distribution amount approved by the BOD from the previous accrual after year-end, the accrued amount should be revised accordingly. However, should there be another change in the amount approved at the annual shareholders' meeting, the adjustment should be treated as a "change in accounting estimation," and the difference from the BOD resolution should be booked in the year the AGM is held.

3. 2013 proposal on employee bonuses and compensation to directors adopted by the board of directors

The BOD has not yet approved the proposal for dividend allocation of the 2013 earnings as of the publication date. The BOD expects to approve the dividend distribution 40 days prior to the AGM, and any resolution will be announced on the Company's website and MOPS.

4. Earnings distributed as employee bonuses and compensation to directors in the previous year

An employee cash bonus of NT\$396,673,322 and compensation to directors of NT\$39,667,332 from the 2012 earnings, as approved at the 2013 board of directors' and shareholders' meetings, were duly paid in 2013.
